

Shoval Sabag

Full-Stack Developer

+ (972) 50-993-2522 | sabshoval@gmail.com | [LinkedIn](#) | [GitHub](#)

Full-Stack Developer passionate about crafting user-friendly web applications from complex challenges. Thrives in fast-paced environments, collaborating and adapting to deliver effective solutions.

EXPERIENCE

Manook (E-Commerce Project) | June - Aug 2024

<https://github.com/tmanoon/manook.git>

Developed a simple yet functional E-Commerce website, coded in Angular, demonstrating proficiency in Frontend Development and Data Management.

- Implemented a product catalog and shopping cart functionality by utilizing local storage to manage and persist user data.
- Built dynamic pages that reflect real time updates to the cart and inventory

Staybnb (Marketplace Project) | Apr - Aug 2024

Developed and deployed a fully functional AirBnb clone called Staybnb. This project, built in React, showcased comprehensive expertise in both frontend and backend development.

- Created a fully responsive interface to ensure seamless user experiences across devices.
- Implemented a live chat feature using web sockets for real time updates and communication.
- Developed secure user authentication and authorization processes using industry-standard practices.
- Worked closely with a team member using Git and GitHub for version control and collaborative development.

TECHNICAL SKILLS

Programming Languages HTML, CSS, JavaScript

Libraries / Frameworks SCSS, TypeScript, React, Redux, Vue, Vuex, Angular, RxJs, NodeJS, Express, Babel, Socket.IO

Databases MongoDB, SQL

CI/CD And Technologies Git, VSCode, Jira, Trello, Monday, RESTful APIs

EDUCATION

Coding Academy, Misterbit | Full Stack Development Bootcamp | Jan - Apr 2024

Completed intensive coding bootcamp led by former Mamram (IDF) software development expert. Gained strong foundation in best coding practices through daily code reviews and hands-on experience with multitasking and meeting tight deadlines.

AREAS OF EXPERTISE

Frontend Development, Responsive Web Design, Pixel Perfect Interfaces, Client-Side Logic Backend Development, API Integration, Database Management, Server-Side Logic
Full-Stack Development, Version Control, E2E Web Application Development, Live Data Streaming
